

2nd International Conference of Marine Fungal Natural Products (MaFNaP)

27-29 June, 2017

Wissenschaftszentrum, Kiel, Germany

<http://www.geomar.de/en/research/fb3/fb3-mn/symposia/mafnap2017>

**Call for Abstracts / Website available
Registration opens 2nd January 2017!**

Conference Topics

Marine fungal chemodiversity; Marine fungal biodiscovery; Marine fungal biotechnology; Fungal analytics and metabolomics; Genetics of fungal secondary metabolite production, Marine fungal biodiversity and cultivability; New approaches to promote silent fungal gene clusters; Halotolerant and halophilic fungi; Evolution and host-microbe interactions; Ecology and physiology of marine fungi; Access and benefit sharing

Confirmed Speakers

- Prof. Dr. Russell Kerr, University of Prince Edward Island, Canada
- Prof. Dr. Kristian F. Nielsen, Technical University of Denmark, Denmark
- Prof. Dr. Anake Kijjoa, University of Porto, Portugal
- Prof. Dr. Vera Meyer, Berlin University of Technology, Germany
- Prof. Dr. Frank Kempken, Kiel University, Germany
- Dr. Arianna Broggiato, ABS-int., Belgium
- Prof. Dr. Nina Gunde-Cimerman, University of Ljubljana, Slovenia
- Prof. Dr. Johannes F. Imhoff, GEOMAR Helmholtz Centre for Ocean Research Kiel, Germany
- Dr. Marlis Reich, University of Bremen, Germany
- Dr. Catherine Roullier, University of Nantes, France
- Prof. Dr. Eva Stukenbrock, Kiel University and Max Planck Institute of Evolutionary Biology Plön, Germany

Local Organizing Committee

- Prof. Dr. Deniz Tasdemir, GEOMAR Helmholtz Centre for Ocean Research Kiel, Germany
- Dr. Martina Blümel, GEOMAR Helmholtz Centre for Ocean Research Kiel, Germany
- Mrs. Bettina Reuter, GEOMAR Helmholtz Centre for Ocean Research Kiel, Germany
- Prof. Dr. Antje Labes, Flensburg University of Applied Sciences, Germany
- Prof. Dr. Frank Kempken, Kiel University, Germany
- Prof. Dr. Eva Stukenbrock, Kiel University and Max Planck Institute of Evolutionary Biology Plön, Germany

***Join us at this exciting meeting in the capital city of Schleswig-Holstein,
the northernmost state and the marine biotechnology hub of Germany!***
